Welcome to another fun filled pack of Trampoline Gymnastics for 2007! Once again the season starts of with the London Regional Graded 3 - 6, Recreational Novice and Elementary Competition. This competition is one of five events being held by London Region for 2007. This is excluding the ever eventful London Youth Games and the second Grade Two of 2007.

As part of my role of Communications Officer for London Trampolining, over the next year I am going to introduce a lot more publicity before and after events. Over the past few years the viewing of sweview has only been managed at

competitions held at Harlington Sports Centre. I am glad to say that now, like all National Grade 1 and 2 events, results will be displayed as they are coming in onto display monitors.

Also for the first time ever, London Trampolining has got an official photographer. All photos will be taken from all regional events and published online and possibly in newsletters.

To conclude, I hope you enjoy the new communications plans that are coming up for 2007. If you have anymore ideas or suggestions I will be glad to hear them. Please e-mail on

On behalf of London Trampolining and its committee members I would like to wish all competitors and coaches all the best for 2007!!

Harrow T.C. Just got Bigger!!

Harrow Trampoline Club achieved Gym-Mark in December. Thanks to all that contributed and to those parents, coaches and volunteers who attended the necessary training courses.

A warm welcome to all the new Squad members of Harrow Trampoline Club. We hope you have an enjoyable day and

look forward to seeing you all competing at the next competition.

From Jan and Daniella

Swescore Course

London Trampoline is planning on organising a course on the Swescore Scoring Program.

For those of you who don't know what this is: Ever wonder where all the results go? How competitors get sorted into 1st, 2nd and 3rd so quickly? It's all done on computers using a program designed specifically for Trampoline (Individual & Synchronised), DMT and Tumbling.

London Trampoline is planning to organise a course on this

program. This is to show users how to operate Swescore at regional events. This course will break down everything from competitor changes to how to print results and so on.

Once a member of your club has been through a course, they will be then recognised as a qualified official at any regional event. Plus as a further benefit all national competitions also use the same scoring program.

If you are interested in this

course please e-mail me on.

Andrew_JD_Wood@blueyounder.co.uk

More information will be available on the London Website closer to the time.
